

REMARKS

Support for the amendment to the application title can be found at page 1, lines 10-11 and 25-26; page 2, lines 7-8; page 4, lines 25-26; and page 7, lines 17-18 (stating that "the movable nature of the pivoted structure provides compensation for changes in targeting distance due to changing the position of the bow."). It is respectfully requested that this amendment to the title of the invention be entered..

If the Examiner believes a telephone conference would advance the prosecution of this application, the Examiner is invited to telephone the undersigned at the below-listed telephone number.

Respectfully submitted,
